FORM CRS

Asset Risk Consultants (UK) Limited is registered with the SEC as a non-resident investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services, in particular the selection and monitoring of discretionary investment managers.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure [here](#), items 4, 5, 8 and 16.

Account Monitoring If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis.

Investment Authority We may manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority to non-discretionary (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

Investment Offerings We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements We require a minimum account size of \$ 5 million; however, this minimum account size may be waived at our sole discretion.

Key Questions to Ask Your Financial Professional

Given my financial situation, should I choose an investment advisory service? Why or Why Not?

How will you choose investments to recommend to me?

What is your relevant experience, including your licenses, education and other qualifications?

What do these qualifications mean?

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A Brochure [here](#).

Asset Based Fees* - Payable quarterly in arrears. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;

In addition to our principal fee, there are other Examples of the most common fees and costs that may be applicable to our clients that include:

Custodian fees;

Account maintenance fees;

Fees related to mutual funds and exchange-traded funds;

Transaction charges when purchasing or selling securities; and

Other product-level fees associated with your investments

Hourly Based Fees* - may be charged upon agreement with a client depending upon the service provided

Fixed Fees* - may be charged upon agreement with a client depending upon the service provided

Direct Fees* - consulting fees, travel fees, hourly fees, initial audit investment fees and/or minimum fees may be charged upon agreement with a client depending upon the service(s) provided

*Please see ADV Part 2A Brochure [here](#), item 5 for a more complete discussion of these fees

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We do not make any money from our investment advisory services except as described above.

Refer to our Form ADV Part 2A Brochure [here](#) to help you understand what conflicts exist.

Key Questions to Ask Your Financial Professional

How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our Company and the financial professional(s) servicing your account(s) are compensated with salary based on the amount of client assets they service.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool.
